DENTAL AND ORAL SURGERY FOR PETS

Serving Ontario Veterinarians and Their Patients Since 1991

Career Opportunity

Dear Colleagues,

Being too busy is a good problem to have but it is still a problem and it needs a remedy. For me, the remedy is to hire an associate, expand the facility and increase our capacity to provide exemplary dental and oral care in a timely and personalized manner.

Hale Veterinary Clinic is located in Guelph Ontario, an hour west of Toronto, in the heart of Southern Ontario. There is an affluent population of over ten million people within two hours of Guelph and the majority of clinics in the area are well acquainted with our practice. The opportunity for a long and lucrative career is here for the taking.

The City of Guelph (population 120 000) is home to the University of Guelph and the Ontario Veterinary College. As well as being a university town, it is known as a Green town and has very vibrant arts and recreational/sports communities. It is also within an hour of several other major cities (Toronto, Hamilton, Kitchener-Waterloo, London) so there is a plethora of arts, culture and entertainment venues as well as any product or service you could think of. On the other hand, it is surrounded by farm land and so you will never be far from country roads and rural vistas.

For recreation, Guelph is nestled between three Great Lakes (Erie, Ontario, Huron) as well as Georgian Bay (the sixth Great Lake). Within two hours there are hundreds of big lakes, small lakes, streams, rivers, parks, trails, camping grounds, hunting grounds, ski hills and every kind of outdoor activity across our four distinct seasons.

These natural and human geographic features make Southern Ontario an extremely hospitable environment in which to live, work, play and raise a family.

The successful applicant will be a diplomate of the AVDC or EVDC or will have completed a residency/alternate pathway program and be eligible to sit the examination. The long-term plan includes my eventual retirement with the new associate becoming owner.

Send your resume and cover letter to my personal email account at toothvet@toothvet.ca.

Sincerely,

Fraser A. Hale, DVM, FAVD, Dip AVDC
